NATIONAL TUTORING CONFERENCE

Maria and Nick attended the Conexus National Tutoring Conference, where we were invited to advertise that we are an exam centre.

This is the third year that we have had the pleasure of attending this amazing event. The key note speakers were Stuart Pearce (England Football Captain), Tony Smith (Rugby League Manager) and Drew Povey (ex head teacher from Educating Yorkshire TV program).

Please check out some photos from the evening!

Did you know that we offer Saturday morning slots every fortnight? If you would like weekend tuition please get in contact or book on Tutorbird!

We visited Anglesey on our way to the conference.

What is the longest word you can make, using the letters from the station name opposite?
