## JANUARY NEWS AND UPDATES!

### HAPPY NEW YEAR!

We hope you and your family had a wonderful festive break and are feeling refreshed and ready for the year ahead.

As we step into 2026, we're excited to continue supporting our students with engaging lessons, personalised guidance, and plenty of encouragement along the way.

This year, we'll be introducing new resources, new opportunities for independent learning, and even more ways to help students grow in confidence and skills. Thank you for being part of our tutoring community, we can't wait to see what our learners achieve in 2026!

Little Clacton Christmas Market

Decorations made by the students

**Little Clacton Christmas Market on 13th December**- It was a lovely festive evening, and we really enjoyed meeting members of the community and spreading some Christmas cheer. A huge thank-you to any of our students or parents who stopped by to say hello - We hope you enjoyed the event as much as we did!

## More Than Just Tuition: Extra Support for All Our Students

Did you know that our students receive far more than the tuition session they pay for? As part of our commitment to supporting learning beyond the classroom, **all active students get free access** to our TutorBird Resource Area.

Inside, you'll find a growing library of downloadable worksheets, activities, and practice tasks, all designed to help reinforce skills and build confidence between sessions.

We're also expanding this section to include our Science and Design & Technology qualification resources. This means that any student who wishes to work toward their qualification at their own pace will have the materials they need available any time.

This is all included at no extra cost and is just one of the ways we help your child stay motivated, independent, and supported throughout their learning journey.

The Resource Area is available through the TutorBird Student Portal, which acts as a central hub for students and parents.

Once logged in, families can access all uploaded learning materials through the Online Resources section.
